

BOARD OF DIRECTORS APPLICATION FORM

Mission:

The Vital Aging Network promotes self-determination, civic engagement, and personal growth for people as they age.

VAN's Core Principles:

- Everyone has the capacity for self-determination, civic engagement, and personal growth no matter his or her level of ability.
- People 50+ have the power to positively affect the quality of their own lives and have the potential to be catalytic leaders in their communities and in society.
- People need access to information and other people to help them live to their full capacity.
- Partnering with other organizations with shared values and missions helps each organization be more effective.
- Individuals, organizations, and communities benefit when older adults are engaged as contributing members of society.
- Everyone is responsible for addressing and resolving inequities that affect older adults in our society.
