

VITAL VOICES

Civic Discussions

Are you concerned about our economic, political and social environments?

Do you want to do your part to make a difference?

Do you want to stay motivated and continue moving forward?

Vital Voices brings people together to share views, listen to others and support each other in taking action to make a better world.

The Vital Aging Network provides a welcoming space and facilitation to ensure that the discussions are meaningful and respectful.

We'll work to understand our "sweet spot" for civic engagement and create an actionable plan for success.

Facilitators: Rose Lindquist and Sally Brown

Questions? Email us at info@vital-aging-network.org
